## Flavor Physics for Non-Experts

# physikalisches

Mo. 16.04.18  
16:00 Uhr  
Ort: H34

Several aspects of flavour physics, including the recent experimental "anomalies" in leptonic decays, are critically reviewed and future developments discussed.

*Tribute to Gauss & Kandinsky by Guido Martinelli (Logo of the ERC grant DaMeSyFla: Dark Matter, Electroweak Symmetry Breaking and Flavour Physics)*
